

A horizontal row of 24 color swatches, each a small rectangular piece of fabric with frayed edges, hanging from a white cord. The colors transition from a deep, dark red on the left, through various shades of red and pink, to a very light, almost white pink on the right. The swatches are arranged in a single row, with the first 12 being darker and the last 12 being lighter.

A color calibration chart featuring a row of 24 color patches, each with a corresponding numerical value below it. The patches range from dark blue to light grey.
